Performances are available in two flavors: Strolling Magic and Jeff's Stand-Up Magic Show.

Strolling Magic is close-up magic where Jeff travels from group-to-group entertaining. It's almost as though each person receives their own show! There is a lot of interaction, including magic that happens in the hands of your guests. Jeff's Strolling Magic is the perfect icebreaker for socials, hospitality suites, and receptions.

Jeff's **Stand-Up Magic Show** can be enjoyed by your entire group at once. The audience is encouraged to sit close. Your guests are always participants with the magic, including surprises that happen in their hands. And, if you have a VIP you'd like involved in the show, Jeff can make it happen. You'll be happy to know that his show is always in good taste with clean comedy.

"When planning an event of this size and nature, there always is that feeling of hesitation, nervousness, and wonder. Will it be a success? And, thanks to you, it was!"
